Dear Hunter:

**Please consider completing this survey online at:
www.azgfd.gov/huntersurvey**

You have been chosen to take part in a survey of hunters for the 2009-2010 seasons. This is an opportunity for you to make a personal contribution to the game management in Arizona. The information you provide will allow us to estimate harvest for each species, along with other vital information. As well as summarizing this hunting season, the information we gain lays the groundwork for next year.

Please respond at your soonest convenience. Our goal is to receive a response from each survey recipient. We need your response even if you did not go hunting. **Note** that, on some questionnaires, one question provides space for listing more than one game management unit. Some units are subdivided (A, B, C). Enter in these boxes each of the game management units and subunits in which you hunted. Thanks to you, we believe we have one of the most accurate harvest surveys in the nation.

Thank you for being a part of wildlife management in Arizona.

Sincerely, the Arizona Game and Fish Department Wildlife Management Division
